STANFORD, KY., TUESDAY, MAY 14, 1907.

NO. 21.

MIDDLEBURG.

P. H. Taylor is at home from Jackson, where he is in the timber business with his brother, Michel.

There is talk of a skating rink at Yosemite. Quince Jones and Jason Lawhorn are the agitators, and it may be a go.

Rev. W. G. Gilford speaks in the highest terms of his brethren at Pleasant Point and is much encouraged with the prospects there.

Rev. J. W. Hall failed to fill his appointment at Green River Sunday. He was detained at home on account of the illness of Mrs. Hall.

James Durham and Miss Ida Brasher were married at the home of the bride at Yosemite. Squire Bob Staton tied the knot in an impressive style.

A protracted meeting will begin at the Baptist church here on the first Sunday in June. Rev. Cokely will assist the pastor. Everybody invited to come and take part in the services.

The Middleburg Normal College baseball team defeated the D. & D. team at Danville 11 to 14. They know how to play ball and our boys say they are as gentlemanly a set of fellows as ever wielded a bat or knocked a fly.

Suckers were on the shoals last week, and numbers of them were giggered, hooked and otherwise taken from the streams hereabout. Lincoln Wells and W. Y. Moore were successful in getting in their work with gig and hook.

Mrs. William Lyons, who died at Junction City, was brought here Monday and interred in Middleburg cemetery. Deceased was a daughter of Mr. Elisha Gifford and was about 54 years old. She was a member of the Baptist church here and was a good, christian woman.

GRADED SCHOOL NOTES.

Next Sunday morning at the Christian church Dr. R. H. Crossfield will preach the Baccalaureate sermon to the graduating class.

On Monday, 20th, at Walton's Opera House at 10 A. M. the seniors will give a program known as class day. They have a very interesting program.

Everybody is most cordially invited to all the closing exercises of the school and it will gratify all to know that the largest graduating class since its establishment goes out at this time.

Miss Lucy Peterson, the efficient teacher of the 5th and 6th grades, has recently been elected to position in the Cynthiana Graded School. She will begin her duties there the first of September.

On Wednesday morning at Walton's Opera House the annual commencement exercises will be held. Dr. F. W. Hinnitt, president of Central University, will make the address and his ability as a speaker is too well known to need commendation.

Mr. J. C. Cheek was elected to the position of high school teacher at a recent meeting of the board. He is a graduate of Central University at Danville. His home is at Fulton, Ky., where his father has been superintendent of schools for a number of years. He is a valuable addition to the faculty.

The final entertainment will be given at the opera house on the evening of May 22nd by the music department. There will be two speakers at this recital and it will then be decided who shall represent the school at the Blue Grass Graded School Tournament in the Senior Declamatory Contest. The usual admission will be charged.

THE MOST BEAUTIFUL WOMEN IN KENTUCKY.—The Beauty Contest conducted by the Courier-Journal during the past three months has been concluded, and the pictures of the successful ones will be printed in the Sunday Courier-Journal May 26. Several thousand photographs were submitted in this contest. The three most beautiful have been selected by a committee of well known people. These three will be entered in a National Contest, to find the most beautiful woman in the United States. Everybody will want to see the pictures of the most beautiful woman in Kentucky. If you do not get the Sunday Courier-Journal by mail or through an agent, send 5 cents for a copy of this issue of May 26 at once to the Courier-Journal Co., Louisville, Ky., and see the faces of the three most beautiful women in the State.

to be divorced from your appendix. There will be no occasion for it if you keep your bowels regular with Dr. King's New Life Pills. Their action is so gentle that the appendix never has cause to make the least complaint. Guaranteed by G. L. Penny, druggist. 25c. Try them.

The Chemist—I have been experimenting with this new compound for two weeks, and I cannot decide what it is.

The Promoter—Say, old man, you've struck a great idea for a health food.

Clem Cochran, an aged citizen of Casey, is dead.

PREACHERSVILLE.

Born, to the wife of W. C. Cummins, a fine girl. Mrs. J. H. Thompson has been quite sick. William Spangler, of Griffin Station, has typhoid fever.

Quite a number from this place and the East End attended the dedication of Poplar Grove church in Rockcastle Sunday. The dedicatory sermon was preached by Rev. Coker.

Work on the New Tyrone church is rapidly nearing completion under the master hand of Carpenter J. F. Shaw. Sunday school at the Baptist church is progressing nicely with J. F. Holtzclaw as superintendent. In the absence of the regular teacher, Miss Fannie Thompson has charge of the class of little folks.

While surveying land near here in Garrard, an altercation arose concerning the line, between James Dickerson and a Mr. Collett, Sr. Thomas Collett, his son, struck Dickerson a blow on the head, which for a time was feared would prove fatal. Collett went to Lancaster and gave himself up, we understand. Dickerson is much better at last accounts.

Mrs. Owens, of Rockcastle, visited the Misses Thompson. R. C. White and wife visited the latter's mother here Sunday. J. J. Smith and wife, of Rockcastle, were guests at J. M. Cress'. Miss Nora Dyehouse and the Misses Sowder visited Mrs. John Naylor. H. F. Newland and wife were at W. C. Cummins'. Logan Thompson and family visited at J. H. Thompson's.

CHURCH MATTERS.

The third quarterly meeting will be held at the Methodist church here May 25th and 26th instead of May 18 and 19. The church will note this change. W. F. Vaughan, pastor.

Dr. R. H. Crossfield, of Owensboro, has been here one week in a meeting at the Christian church. There is great interest and large crowds are hearing him. Fifty-four additions to date are the visible results of the great meeting, which will continue through this week. Dr. Crossfield is a fluent speaker and an exceedingly able expounder of gospel truths. His lecture, "When We Get Married," was heard by fully 700 people at the Christian church Sunday afternoon. It was very interesting and practical and furnished much food for thought. If you have not heard Dr. Crossfield you have missed hearing one of the most pleasing speakers Stanford has had in many a day.

John Smith went on the witness stand in the trial of James Hargis, charged with complicity in the murder of James Cockrill, at Lexington, and told all he knew of the plot to assassinate Cockrill and others at Jackson. Smith said that when he and Hargis were in Frankfort Hargis offered to go at once to the Governor's office and get Smith a pardon for all the murders, to make sure that Smith would not be punished if he killed Cockrill, Marcum and Cox. Smith's story was corroborated in part by the testimony of other witnesses, who swore that they saw John Abner in the window of the court room with Curt Jett while the shots were being fired.

There has never been a case of typhoid fever or appendicitis known to develop where White's Diamond Brand Crab Orchard Water has been used constantly, because it keeps the whole system in perfect order. Do not be imposed upon. There are imitation Crab Orchard Salts and Water on the market; ask your druggist for White's genuine Diamond Brand.

It's the simplest thing in the world to use Hy-o-mel and cure catarrh. Breathe the medication through the little inhaler in every outfit, and you will get relief at once. Money back if it fails. G. L. Penny.

If any one has any doubt as to the virtue of Foley's Kidney Cure, they need only to refer to Mr. Alvin H. Stimpson, of Williamamantic, Conn., who after almost losing hope of recovery, on account of the failure of so many remedies, finally tried Foley's Kidney Cure, which he says was "just the thing" for him, as four bottles cured him completely. He is now entirely well and free from all the suffering incident to acute kidney trouble. G. L. Penny.

Mrs. Jane Frisbie, of St. Louis, was acquitted in the Court of Criminal Correction on a charge of writing policy tickets on the plea that her husband compelled her to write the tickets and that when he married her she promised to "love, honor and obey" him. Mrs. Frisbie confessed to writing the tickets. Judge Taylor held that in misdemeanor cases a wife could not be held responsible when acting under command of her husband.

Kidney complaint kills more people than any other disease. This is due to the disease being so insidious that it gets a good hold on the system before it is recognized. Foley's Kidney Cure will prevent the development of fatal disease if taken in time. G. L. Penny.

FURTHER construction of the County Unit Local Option law, enacted by the last Legislature, was made by the court of appeals in passing on the appealed case from Scott county. In its opinion the court says that if there is in a county, a city of the first, second, third and fourth class, the citizens thereof may ask for a vote upon the same day by complying with the requirements of Section 2554 of the Statutes, that is by petition to the county judge signed by the requisite number of voters, but that the fact that such a city may have only a few months before voted upon the same question will not operate to prevent a vote from being taken in the entire county, including within three years. The court says that it matters not how recently a vote has been taken in a city of the fourth class, when a vote is ordered for the entire county it must, necessarily, be in the city as well, and if the citizens desire a separate vote it must be had on the same day, and the county judge must so fix the time as to give the citizens a reasonable opportunity to file their petition. This sounds good to the local option forces but it is a death blow to the "wets" who have caught it from every source during the past few months. That whisky must go in the smaller towns there is no doubt and it would not surprise us to see it voted out in the cities every year come and go.

THE Prohibitionists in Tennessee have entered upon a new plan to prevent the shipment of liquor into dry towns. Some weeks ago the City Council of Rockwood passed an ordinance laying heavy penalties upon any person, firm express, company or railroad which brought intoxicants into that town. Later the express companies announced that they would obey the ordinance. This was the signal for other towns to act, and since that time Carthage, Columbia and Harrison councils have acted. This week Lebanon will consider the matter and Lewisburg and two or three other towns are preparing to follow the lead of Rockwood. The question came before the City Council at Lexington, but was voted down.

WE are sorry to know that clever John Pearl, who has made the London Local a splendid democratic paper, has sold the publication to Commonwealth's Attorney William Lewis, County Attorney H. J. Johnson and United States Commissioner George C. Moore, who will change its politics to Republican. It is indeed a pity that Mr. Pearl could not have disposed of the Local to a democrat, if he was compelled to sell it, and a greater pity it is that he leaves the journalistic field which he has so creditably filled for years.

NOEL GAINES, of Frankfort, ex-soldier, ex-politician, and at present engaged in the business of suing divers persons and concerns on the charge of slander, etc., is holding a protracted meeting at Frankfort. Gaines ought to be a good man and might do some good, for it was stated on the witness stand in a trial at Lawrenceburg that he had reformed many times and each time was a thoroughly changed man. His latest reformation came a year or so ago.

IN an interview at Lexington, Rev. G. W. Young, assistant general superintendent of the Anti-Saloon League of America, stated that it is the purpose of the league to make Kentucky as "dry" as Maine. He says it is proposed not only to vote out whisky in the counties but that the larger cities are being aimed at, and ultimately the prohibition of the manufacture and sale of whisky in the borders of the State.

THERE are people superstitious enough to believe that if you brag about your health you will get sick at once. Confirmatory of the superstition comes a story from Des Moines, Iowa, of a man who, boasting that he was 65, as sound as a dollar and good for 20 years more, dropped dead as the last word fell from his lips. Proof of all sorts of propositions can sometimes be found.

WE sympathize with Editor McIntyre, of the Danville Herald, in the loss of his father, Dallas McIntyre, who died at his home in Mercer at a ripe old age.

CLOSE friends of Hon. William Jennings Bryan, among them being former Senator Jones, of Arkansas, who managed the '96 campaign and who has recently discussed the matter with Mr. Bryan, says that it is by no means certain that Mr. Bryan will accept the Democratic nomination. Mr. Bryan's Government ownership of railroads view and his attitude on the initiative and referendum, have met with so much opposition among Democrats that the leader of two campaigns is said to seriously doubt his advisability. Mr. Bryan, it is said, is by no means anxious for the Democratic nomination, especially upon a platform which would not command his entire sympathy.

Gov. HUGHES has won a big victory in forcing indorsement by the State Committee and the Legislature of his policies and measures, and the refusal to approve of his presidential aspirations is regarded as no indication that he will not control the situation when the time comes. Pence, Jr.

Pence, Jr., will make the season of 1907 at my barn, 2 miles East of Brodhead and 5 miles North of Mt. Vernon, at \$5.00 to insure a living colt. If mare is traded or parted with, the season money becomes due. This excellent stallion is the property of Mr. John Z. Spohnmure, of Lincoln county.

Pence, Jr., bay stallion, 4 years old, full 16 hands high, good style and action. By Alexander's Abdallah. Pence's 1st dam by Almont Forrest, 2nd dam by Garrard Chief, known by Gilt Eagle, 4th dam by Copperbottom. Pence, Jr.'s 1st dam by Ed Barlow, 2nd dam by Castleair, 3rd dam by Volunteer, 4th dam by Mambino horse, 5th dam by Mambino Messenger. Pence, Jr.'s 2d dam by Gilt's Vermont.

Mares grazed at \$2.00 per month; not responsible for accidents or escapes should any occur.

R. L. SMITH, Hiatt, Ky.

J. K. BAUGHMAN,

Black Jack, with white points, by Tarkington's Napoleon, 10 1/2 hands and has proven a great breeder of sugar mules, will stand at \$10.

JOHN,

Better known as the Sam Cochran jack. Black with white points, 15 1/2 hands. He is known by all who have raised and handled his mules for his extra breeding. He will stand at \$5.

MENEFEE,

A bay three-year-old by Galton, with plenty of speed, style and a nice individual, will stand at \$7.

Money due when colt is foaled or mare traded or parted with, or bred to other stock. Mares grazed at \$2 per month. Care taken to prevent accidents, but not responsible should any occur. See this stock and their colts before you breed.

R. G. PETTUS, Preachersville, Ky.

Morgan Denmark.

This noted stallion will make the present season at M. B. Eubanks' stable, on the Lancaster & Danville road, near Hubble, Ky., at the low price of \$5.00 to insure a living colt. This noted stallion has more Denmark blood than any living stallion as will be seen by reading his pedigree. Morgan Denmark was sired by the noted stallion, Imported Hedgeford. Morgan Denmark's dam (Lady Morgan) was one of the best saddle and show mares in Kentucky. She was sired by Stonewall Jackson, whose pedigree traces back to Imported Hedgeford. Morgan Denmark's 2nd dam was by Virginia; 3rd dam by Matchless; 4th dam by Transby; Morgan Denmark is a dark bay, fully 16 hands high and is heavy built. Will weigh 1,200 pounds.

Mares kept at \$50 a week; not responsible for escapes or accidents.

JAMES MCKECHNIE, Hubble, Ky.

ALMONT DARE,

Sired by Dignity Dare, 1882, A. S. H. R.

He by Chester Dare 10, he by Black Squirrel 58, he by Black Eagle 74, he by King William 97, 1st dam Foxaway, Reg. in Vol. 10, A. T. H. R., she by Abdallah Mambino, he by Almont 33; 2nd dam Lady Davis by Crit Davis by Bourbon Chief; 3rd dam Mattie S., by Foreign Light, by Foreigner, by Imported Glenora; 4th dam Bettie C., by Cunningham's Copper Bottom; 5th dam by Imported Buzzard.

ALMONT DARE has upward of 22 imported crosses on his dam's side, tracing to Imported Messenger 4 times; to Imported Diomedes 3 times; to Imported Buzzard 3 times; to Imported Glenora 2 times; Imported Planter, Imported Castinora, Frizel Matchless, Flinnap, Blackfast, Traveler and others. For size, style, beauty, disposition and performance in harness and under saddle, considering age and handling, he has no superior and but few equals. See him and you will like him. He has but two colts as yet and their owners are proud of them. Will stand at \$15.00.

Also two good jacks that need but few words of commendation to the public, as they have made their reputation as extra breeders. Jacks will stand at \$5.00 each.

All the above will make the present season at my place, 2 1/2 miles from Hustonsville, on Hustonsville & Liberty turnpike.

Grass furnished at \$2 per month. Not responsible for accidents or escapes.

E. S. POWELL & SON, Hustonsville, Ky.

GALTON 12910.

Sired by Gambetta Wilkes, 2:19 1/4, with 191 with records from 2:30 to 2:35, in 2:10; claimed to be the greatest sire in the world. 1st dam Daisy Field (granddam of 5 with records of from 2:17 to 2:25), by Endfield 229, son of Hambletonian 10, dam by Seeley's American Star. Endfield 229 has 6 in 2:30, his daughters have 60 in 2:30 or better. 2nd dam Quickstep, by Kentucky Prince, Jr., sire of J. Q. 2:17 1/4, Lemonade 2:27 1/4, and the dams of 15 in the 2:30 list. 3rd dam Old Joe, sire of the dam of J. Q. 2:17 1/4.

Galton carries the blood of four leading families: Hambletonian, Wilkes, Mambino and Seeley's American Star. Galton is a dark bay, 15 1/2 hands, breeds large, fine style, action, speed and durability. Only 6 of his colts have been worked a short time for speed. One took a mark of 2:22, one 2:19 1/4, the other 4 went trials from 2:30 to 2:38. None of them out of a standard bred mare. His colts have gone against and defeated the best in harness classes and roadster rings, one of his colts having won a \$75 premium at the Hustonsville fair over the best. His colts are in great demand and are bringing the highest prices, many of them selling for \$500 and over. Comment is unnecessary as he is so well known, he having made all of his seasons at my place. Galton will stand at my stable 2 miles West of Hustonsville on the Bradfordsville pike at \$15 To insure a Living Colt. Money due if mare is traded after being bred. Grass after April 15 at \$2.50 per month. Can keep mares with young colts separate from those that have not colts. Phone in residence.

W. M. DODD, Hustonsville, Ky.

Kentucky Squirrel 2623,

Vol. VI, registered saddle stallion, will make the season of 1907 at my farm in Rowland, Ky., at \$10 TO INSURE A LIVING COLT. Kentucky Squirrel is a combined stallion, 7-years-old, a beautiful bay, one white foot and star, full 16 hands high, weighs 1,300 pounds, with high style, action, size and finish that entitles him to the attention of breeders.

PEDIGREE.—Sired by Wood Squirrel, 2622, by Black Squirrel, 1st dam Neil Dundee, reg. No. 3668, by VanMeter's King, 739, son of Silver King, he by On Time, 745, by Stonewall Jackson, 2nd dam by Cabell's Lexington, F. S.; Wood Squirrel's 1st dam was Gilt Edge, 261, 2nd dam (the dam of Eagle Bird) by Star Eagle, son of Cabell's Lexington, F. S. 2nd dam by Hamlet Lexington, F. S. 3rd dam by Maude V. 40, by Dolan's Granger, 2nd dam, the great show mare, Edie, by VanMeter's Waxy, F. S. by Bertram, half brother to the great Lexington.

NOTE.—Kentucky Squirrel, 2623, is probably the best bred saddle stallion in this section of Kentucky. His colts are large and well formed and he impresses his size and high carriage on his get to a remarkable degree. Breeders will do well to look this horse over and note the low service fee before booking their mares elsewhere.

DANDY JIM,

The great jennet jack, black with white points, 6-years-old, 15 1/2 hands high, full brother to Huddle's World's fair winner.

PRINCE WOOD,

Black jack, white points, 15 1/4 hands, three-years-old, weighs 1,450 pounds, by black Cloud, he by Tom Keene. Both of these jacks will serve mares at \$10 TO INSURE A LIVING COLT.

Our growing trade demands more room and we will move about June 1st to the large room now being built for us in the Myers House Corner. We hoped to get in this new room for the Spring trade, but the bad weather kept the work back. We bought heavily of Spring goods and are crowded for space, consequently we will offer many attractive bargains in order to reduce our stock by moving time June 1st. WE are requested to again call the attention of the people to the county meeting which will be held with the Christian church at Hubble next Saturday, May 18. It was at first decided to hold the meeting a week later but the date was changed to next Saturday.

THE Commencement Exercises of the Stanford Public School, colored, were held at Walton's Opera House Friday evening in the presence of a large crowd. An interesting program of music, drills, etc., was most creditably rendered. There were three graduates, Ethel Dan Bailey, Maggie Ellen Logan and Mattie Rout Harris. Each favored the audience with an oration, which reflected much credit on both teacher and pupil. Dr. W. D. Tardif, who is superintendent of the school, is to be congratulated on the good work he is doing here. No man is trying harder to help his race and in it he should have the support of all good people irrespective of color.

WE are informed that there is kicking because the fiscal court ordered the "List of Claims" published in this paper and some go so far as to say, we are told, that it was done for our pecuniary benefit. About the latter charge we care not an iota. We did not solicit the job and did not know of the intention of the court to have it printed until it decided to do so. We solicit work but our influence with people generally is not sufficiently great to make them give us printing just to help us. For the benefit of the numbskulls who are kicking we will state that it is the duty of the fiscal court to have printed the claims allowed and the members thereof are subject to a fine of \$50 each if they do not comply with the law. Read section 1846 of the laws passed at the Legislative session of 1906 and you will see what a fool you are making of yourself by grumbling.

ANOTHER big crowd enjoyed the rink Saturday night and the enthusiastic "whirlers" kept up the fun until nearly 11 o'clock. A number of new skaters were present and the majority of them proved apt pupils. To-night the rink will be open at 7:45 and continue until a late hour, in order that those who attend church may come afterward if they so desire.

A PHILADELPHIA boy, failing in his first attempt at highway robbery, killed himself because of chagrin. He had been reading dime novels, which told him it was done, but he couldn't do it himself and died for it. It was a good solution of the matter. A career of crime, winding up with death at the end of a halter, was very properly cut short, says an exchange. Dime novels, and even cheaper literature, is doing great damage in Stanford and a crusade on such reading matter is equally as important as the fight that is being waged on whisky selling and the pernicious habit of cigarette smoking. Why not put a stop to all such dangerous and unnecessary things?

THE initiatory steps of a Law and Order League for Lincoln county were taken yesterday afternoon when a large and enthusiastic crowd gathered at the court-house for the purpose of hearing addresses by Dr. R. H. Crossfield, of Owensboro, and Eld. F. M. Tinder, of Lancaster, both of whom made excellent talks. A temporary organization was effected by making Hon. P. M. McRoberts chairman and Mr. George L. Carpenter secretary. After stating the object of the meeting, Chairman McRoberts asked the wishes of those present, when it was moved and carried that the chair appoint five gentlemen to name members for the permanent organization of a Law and Order League and report next county court day. The gentlemen chosen were Messrs. C. E. Tate, J. A. Allen, H. J. McRoberts, Garland Singleton and A. W. Carpenter. It was also decided that Mayor C. E. Woods, of Richmond, be invited to address the citizens and the League, on its formation, on June court day. The object of the League is to enforce laws in general but especially to prohibit the illegal sale of liquors.

Carpenter & Hopper lost a fine thoroughbred mare and colt last week. This is their second loss and falls heavily on this enterprising firm, whose annual sale of yearlings in New York bring top prices.

Elias Kidd and R. L. Murphy, of Liberty, were here Friday. D. C. Allen returned Sunday from Cincinnati, where he had been on live stock business. He was fortunate in striking a good market and has orders for several cars to be shipped immediately.

Interest in the art of roller skating has become epidemic here and many new cases are reported after each session of our rink. Experts are also being developed and hereafter the program will show several new features, among which on Friday evening will be a call for experts.

A crew of workmen will begin this week remodeling the barns recently bought by Wehl & Lutes in our city and known as the "Allen barns." They will be put in first-class shape and their completion will be celebrated with a horse sale of large proportions, which, if successful, will be continued monthly until further notice.

Union prayer meeting next Wednesday evening at the Baptist church. Leader, Rev. E. V. Tadlock, of Louisville. All cordially invited. Rev. S. B. Lander will preach at the Baptist church next Sunday morning and evening. Morning subject: "A Three-fold Tragedy." Evening: "Life More Abundantly." Don't fail to hear him.

Mrs. James C. Coulter and Mrs. Dell Moran and Misses Jennie Moran and Nina Coulter, of Middleburg, were in our city shopping. James Carson, of Phil, was here buying wool for his factory. Twenty-seven skaters from here went to Danville Thursday night. It is fortunate for the Rink Co. here that the proposed electric line connecting Lancaster, Stanford and Hustonville with Danville is not in operation, for there wouldn't be a corporal's guard of skaters left in the whole community.

After numerous complaints from rural letter carriers all over the country showing the total disregard of over 95 per cent. of the wagoners to give the right of way to carriers, the postmaster general has issued the following notice: "All rural mail carriers must be given the right of way on all county roads by carriages, wagons and other conveyances." This was the rule when the mails were carried in a four-horse stage and every one had to get out of the way when the mail coach came along. It is a serious matter for any one to obstruct the rapid transportation of the United States mails, so get out of the road when the rural free delivery carrier comes along with Uncle Sam's mail.

A Narrow Escape.

G. W. Cloyd, a merchant, of Plunk Mo., had a narrow escape four years ago, when he ran a jimson bar into his thumb. He says: "The doctor wanted to amputate it but I would not consent. I bought a box of Bucklen's Arnica Salve and that cured the dangerous wound." 25c at G. L. Penny's, Drug-gist.

COURT DAY.—There were about 150 cattle on the market yesterday and most of them sold. Prices ranged from 34c for butcher stuff to 44c for yearlings and two-year-olds. There was a demand for good cattle. A few horses sold at \$150 to \$200. Mules were high, but few changed hands.

Simon Weil, of Lexington, dealer in export and other high grades of beef cattle, made a shipment last week of 20 car loads of beef cattle to S. N. Lehman & Brother, of Baltimore. Billions go up in Smoke.

Nearly eight billions, or, to be exact, 7,998,879,785 cigars were smoked in the United States last year, costing all the way from three for a nickel to two for a quarter and higher. The average price was probably five cents each, amounting to \$399,944,887.25, which is \$15.45 for every man, or \$4.62 for every man, woman and child in the United States. One who has the time to spare calculates that if the money was divided among the States each would get \$8,887,664, and it would give 11,960 men in each State \$15 per week for one year. The money would educate 1,599,779 students at Yale College each year. It would build 50 first-class battleships. If it were all in nickles it would weigh 10,414 tons. If it were in \$1 bills the President could walk on a path of dollars five feet wide to the Panama Canal. The money would support 118,690 families of five comfortably, and give them all the clothes that was needed, besides allowing them to go to the theatre twice each week for one year. If the money was in silver dollars, and they were laid on each other they would reach a height of 1,578 miles. To one who doesn't smoke, and therefore cannot realize that this outlay is worth the money, these figures are startling. It looks like a waste, pure and simple, and it is that, and nothing else. It does no good, and, in many cases, great harm. It is useless however to sermonize on the subject. Men will continue to use them and boys will, as heretofore, get the habit, because they regard it as manly. There have been crusades against the use of tobacco, but they are short lived, and as long as the crop is so profitable it will be raised and smoked and chewed.—Frankfort Journal.

Relief from Rheumatic Pains

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it, my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by all druggists.

The Bowling Green Oil & Gas Company, which has been prospecting for natural gas on Drake's creek, made a ten strike in well No. 6, on the C. W. Porter farm. They struck an immense flow of gas at a depth of about 200 feet. The flow was so strong that it blew the water out of the hole, and had to stop the drill. This makes six wells that have been sunk and four out of the six are fine producers. The last well is said to be by far the best of all, and so strong is the flow that it may almost be called a gusher.

Dignity Dare.

No. 1082, Vol. 5, A. S. H. R.

Mahogany bay, black points, white only on left hind foot, 15 3/8 hands high, weighs 1,200 pounds, strong flat bone, heavy mane and tail, good back, with long, cruncy, tapering neck, well set in high-mounted shoulders, a saddle horse head and ear on him, a model under halter, always wears blue string in model rings, except twice when shown against his own get, wonderful style in harness, a show horse sure. When one year old wore all honors. In his class wherever shown; also the blue tie in sweep-stake harness rings at same age. When a 3-year-old he was shown 14 times and wore 13 blue strings; has never been defeated in fancy harness rings; has always been the victor in stallion stake ring, as a breeder, when shown with three or more of his get for size, style and general conformation and for all purposes. He is a saddle horse with five distinct gaits, fast line acting racker, good in two walks and a nice lope very positive in his trot under saddle and in harness, great all-around action, as is required for an up-to-date sire of high priced sale horses for saddle or harness. He is a sure enough harness horse, graceful, stylish and fast; can show elicits in 18 1/2 seconds, a 2 1/2 gait, with but little handling; did this last fall one year ago after serving 91 mares in the spring. He is possessed of wonderful nerve and speed enough to get a trotter for track use or gentlemen's roadsters; large, handsome stylish, heavy and strong enough to get carriage horses with a kindly disposition for all purposes of a family horse. He is the horse to sire parkers, stylish, graceful, substance and docility. It has been given up by horsemen that he is one of the most uniform breeders in Kentucky. He types his colts after himself; has never sired a sorrel colt. The most profitable horse for the farmer and small breeder to produce is the horse which serves the widest range of purposes well. His colts are show colts; of that very rare type, hind string winners from the oldest to the youngest. 34 of his colts have been offered for and sold for an average of \$650 and the average age of them is 2 years, 7 months and 10 days.

The Warfield, was bred to only 16 mares. He has 12 foals, all up-headed, plenty of style and substance and plenty of speed. The Warfield is a representative stallion in all the term implies. To say that he has size, substance and speed only in part emphasize the qualities combined in this son of Dure Devil. He has them and they are of such symmetrical character as to make him a stallion among mares. His head and neck, body, feet and legs are perfect and when seen in connection with his faultless gait and great beauty are especially impressive. You should see this horse before breeding. You will say you never looked at a better one. The Warfield is the only stallion that has 7 dams in the great brood mare list. He has two Mambrino King crosses, two Mambrino Patchen, two Mambrino Chief, one Chimes, one Onward, 1 George Wilkes, 1 Electioneer, 1 Nutwood 1 Strathmore, more trotting crosses than any stallion alive.

The Warfield is by Dure Devil, 2:08 1/4, record 2:09. He by Mambrino King 1:57 1/2, he by Mambrino Patchen 58, he by Mambrino Chief 11. Dam Merced, by Chimes 3:04, by Electioneer 1:57.
